RE: Yucca Mountain Project

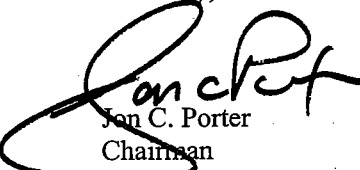

The Committee on Government Reform Subcommittee on the Federal Workforce and Agency Organization, which has jurisdiction on *all matters* relating to the federal civil service, would very much like to discuss with you your knowledge and any information that you may have surrounding allegations that documents and records were falsified pertaining to the Yucca Mountain project, as well as any mismanagement and funding problems that may have existed or still exist.

The Yucca Mountain Project is one the Nation's major public works projects, and it is Congress' responsibility to provide the public with accountability and transparency. As such, the Subcommittee would look upon your cooperation in this matter favorably. This is your opportunity to tell your side of the story.

Please be advised that the Subcommittee is exercising its congressional oversight power. The Subcommittee is not part of the ongoing criminal investigations that are being conducted by both the Department of Energy and Interior Inspector Generals and the Federal Bureau of Investigation. The Department of Justice has informed Subcommittee staff that it does not object to Subcommittee staff meeting with individuals, such as you, and discussing events related to the Yucca Mountain project.

We would greatly appreciate your cooperation in this matter and look forward to speaking with you. Please contact the Subcommittee Chief Counsel and Deputy Staff Director Chad Bungard by Monday, April 18, 2005, at 202-225-5147, to arrange a time and place to discuss the aforementioned matters.

Sincerely,

Jon C. Porter
Chairman
